

NAME

`sasldblistusers2` - list users in sasldb

SYNOPSIS

`sasldblistusers2 [-f file] [-v]`

DESCRIPTION

`sasldblistusers2` is used to list the users in the SASL password database (usually `/etc/sasldb2`). This will NOT list all the users in `/etc/passwd`, `shadow`, `PAM`, etc. only those created by SASL (via `saslpasswd2`).

OPTIONS**-f file**

use **file** for sasldb

-v Print libsasldb version number and exit.

SEE ALSO
